

# PHIL240M : Ethics

This course is designed to introduce students to some classical and contemporary ethical perspectives, philosophies, and decision-making models. The goal of this course is to relate and apply such knowledge to modern day life; hence any concepts, models, and theories presented will also often be applied to specific problems and cases. Applications may include general ethical issues and/or more career specific issues, (to be determined by student/faculty needs or interests).

**Theory Hours** 3

**Lab Hours** 0

**Credits** 3
